CHARGED AGAINST MEAT INSPECTORS

Congressman Nelson Promises Sensation Before Probe Is Ended.

(Continued from First Page.)

Nelson would be enabled to substantiate is charges, which were flatly denied in official statement issued today by Department of Agriculture.

Designates the Packers. Congressman Higgins wanted to know

whom Mr. Nelson designated as "the "Do you mean the 'Big Four' concerns

"Do you mean the 'Big Four' concerns who have recently been under indictment?" asked Mr. Higgins.
"I include those and also those in the American Meat Packers' Association," said Mr. Nelson. "Of course I don't take in all the small butchers." Mr. Nelson turned to ask Mrs. Crane who comprised the American Meat Packers' Association and received the reply from the female investigator that:
"Four-fifth of the packers are in the association."

Mr. Nelson said he thought practically all packers engaged in interstate commerce should be included in the investigation of the charges that they have sold impure meat under the official "O. K." of the Government inspectors.

cial "O. K." of the Government inspectors.

The Nelson resolution recites that officials of the Department of Agriculture have "specifically authorized nullifications of both the spirit and the letter of the law."

Mr. Nelson and Congressman Floyd, the latter a member of the House Committee on Expenditures in the Department of Agriculture, had a verbal tilt when Nelson insisted that the investigation should be thorough. Mr. Floyd construed Mr. Nelson's attitude as dictatorial, and as a threat that he would take his case to the Rules Committee unless the inquiry was conducted as the Wisconsin member dictated. This Mr. Floyd reesnted. Floyd recented.

Tilt Is Patched Up.

Mutual explanations were made and Mr. Nelson finally expressed the belief that the Moss committee would grant a full and extended inquiry and that its

members were as zealous of the public welfare as was the author of the resolution to investigate.

When Mr. Nelson insisted on reading portions of President Roosevelt's messages on the necessity for a meat inspection law, and extracts from the Reynold's report, Congressmen Floyd and Sloan suggested that these might be printed "without taking the time of the committee."

the committee."

Mr. Nelson, however, insisted that the reading ought to proceed in order that the members of the committee might thoroughly grasp the extent of the "appalling conditions" prior to 1996, as compared with the "appalling conditions," which Mr. Nelson claims exist today with the knowledge of the Department.

Statement By Wilson.

Simultaneously with the opening of the hearing this morning Secretary Wilon gave out a public statement in which he declared that the Nelson charges were a skillful blending of halftruth and falsehood, apparently for a purpose, and a wanton and unjustifiable officials of the Department of Agricul-

The Secretary went into detail on each count of the Nelson resolution and declared the meat inspection service of his department to be the best in the

to produce a prejudice upon the minds of the people of the country against the rovisions of my resolution."
"I am astonished," said Mr. Nelson,

issuing a documentary circular on an issue before a single witness is heard or without a scintilla of knowledge regarding the character of testimony I shall produce. The thing is so farcial in inception and in intended effect that in inception and in intended effect that I do not care to discuss it further."

Secretary Wilson went to the hearing at 10 o'clock primed with a printed dehial of every clause and item of the Nelson charges. He was emphate in his statement that the meat inspection law had been enforced to the letter and that the integrity of the meat inspection service was undoubted.

"The alleged statements of fact in the resolution." he said. "which are as-

resolution." he said, "which are as-serted as showing the necessity for an investigation of the meat inspection service are for the most part either unqualifiedly false, or are a mixture of half truths with falsehoods so as to produce a semblance of truth and plain-ly intended to create crroneous impres-sions. The charges in the resolution, sions. The charges in the resolution, in the main, are a reiteration of charges presented by Mrs. Caroline Bartlett Crane to the American Public Health Association in Richmond, in October, 1909, and from a book published by Dr. Albert Leffingwell, of the State of New York, in 1910.

Says Facts Are Distorted.

"Leffingwell's book abounds in distorted quotations from official publi-cations of the Department of Agricul-ture and in cowardly attacks upon such

distinguished scientists as Dr. William H. Welch, of Johns Hopkins University, formerly president of the American Medical Association.

"If we had accepted the views of faddists instead of the opinions of eminent scientists, the department would have condemned in the last six years the carcasses of 6,000,000 animals which were sound, wholesome, and fit for food."

"The Meat Inspection Service of the "The Meat Inspection Service of the United States," the Secretary said, "is conceded to be the best inspection service in the world. We will prove this to the satisfaction of Congress if the desartment is given an opportunity to levelop the facts." In conclusion, the Secretary says that

In conclusion, the Secretary says that the Nelson charges can be divided into two classes, those which impugn the hionor of the officials of the Department of Agriculture, and those which relate to the scientific questions of meat inspection. It was due the department and its officers, he said, who had been wantonly and unjustifiably assailed in this resolution, the farmers and stock resisters the American people and forraisers, the American people and for-eign countries concerned, that there should be an investigation to determine

Statement From Melvin.

Dr. Melvin, chief of the Bureau of Animal Industry, having charge of meat inspection work, also issued a prelim-inary statement of refutation before the hearing. He ridiculed the assertion that the meat inspection standards have been lowered by secret announcements. The first service announcements, he said, were issued expressly for inspectors. It was found that certain inspectors had given the information to others, and they were cautioned against this practice and a notice was added that instructions were not to be given out. Later this was changed and circulars of general information were given out to all interested persons. The service announcements show that they did not, as intimated by the Nelson resolution, let the inspectors know that certain deviations in favor of the packers were all right. hearing. He ridiculed the assertion that

GROSS NEGLIGENCE ALEXANDRIAREADY = TO GREET RED MEN

Great Council, With Great Sun Session of Degree of Pocahontas, Convenes on May 15 and 16, and Open Bessions Will Be Held.

WASHINGTON TIMES BUREAU. ALEXANDRIA VA., MAY 8. The program for the reception of the Great Council of Virginia Improved

Order of Red Men, and the Great Sun Session of the Degree of Pocahontas, which meets here May 15 and 16, was made public this morning. About 290 delegates were expected, and as they arrive they will be received at the Young People's building, where they will register and receive their badges. All trains and boats will be met by the reception committee.

An open session will be held in the same building at 9:15 Wednesday morning, at which the formal exercises of welcome will be held. The invocation will be made by the Rev. Edgar Carpenter, of Grace P. E. Church, and the address of welcome for the city will be made by a speaker yet to be selected. Robert S. Barrett will deliver the welcome on behalf of local Red Men, and he will be followed by a representative of the chamber of commerce. Miss Cora M. Pettit will appear on behalf of the local council of the degree of Pocahon-

Responses will be made by Hon. Frank J. Korte, great sachem, of Norfolk, and Mrs. J. Levenshon, great pocahontas of Richmond. This will be followed by a benediction by the Rev. Edgar Carpenter. The great council will meet in regular session at 10:15. At 7 o'clock the degree of Pocahontas will be conferred by a Richmond council, and at 8:15 a joint session of the two bodies will be held. The regular session will be resumed the next morn-ing, and the afternoon will be devoted to trips to the various points of interest.

At a called meeting of the city Democratic committee held last night it was decided to hold a primary for the election of delegates to the State convention at Norfolk, on May 15, between the hours of 3 and 7 p. m. It was stipulated that candidates desiring to enter the primary shall ele their application with mary shall file their application with the secretary by noon next Monday, ac-companied by a check for \$5. This sum, it is figured, will cover the cost of hold-

ing the primary.

This city is allowed twelve delegates at the convention, each of whom will have to pay his own expenses. No keen competition is therefore expected, and

twelve applicants, it may be found pos-sible to dispense with the primary.

The board of police commissioners in special session last night decided to adopt a cap, similar to that worn by Washington officers, for the Alexandria police force. Mayor F. J. Paff stated that he had carefully examined the caps worn in the Capital and found them lighter and less expensive than the old style helmet. style helmet.

He was requested to procure a sample of the cap and present it at the next meeting of the commissioners for their

examination.
In answer to an inquiry from Commissioner Bryan as to whether the city council had yet taken any action on the change in the city charter which was sanctioned by the legislature, providing for three sergeants on the force, in lieu of the one lieutenant as at present. He was informed that it had not, but as the matter could not legally go into effect until June 15, there was no necessity for immediate action. examination.

The coroner's jury, appointed to inquire into the death of Delia Todd, colored, reconvened at Demaine's undertaking establishment last night, returning a verdict of death from natural causes. Testimony was heard from J. E. W. Timberman, who testified that he had analyzed the girl's stomach for traces of arsenic and strychnine, but had found none.

The following officers have been elected by the vestry of Grace P. E. Church: C. N. Moore, senior warden; Charles E. Cox. junior warden; Frank T. King. Cox, junior warden; Frank T. King, registrar and treasurer. Mr. King was also chosen as delegate to the diocesan convention which meets at Harrisburg on May 22. Harry S. Brown was named

AT BIG MOTOR RACE

to Set New Record on Indianapolis Track.

By HARRY WARD.

Almost without exception the pilots who are practicing for the 500-mile international sweepstakes race at the Indianapolis Speedway Memorial Day, bolleve that the new record will equal that established for the 300 miles on the road at Santa Monica. Some have ventured the opinion that

eighty miles an hour will be necessary for the winning car. Last year the drivers were correct in their estimates of speed, most of them saying seventyfour or seventy-five miles per hour would be the result. Harroun, last years' winner, averaged 74.61 miles an hour. Despite the fact that the eliminating

speed was set at seventy-five miles an hour for one full lap of the track, most of the cars which have been specially built for the race carry from 100 to 120 miles per hour underneath their bonnets. This great speed capacity is provided because the requirements of the race may make it necessary to have it at times and sufficient power must be held in reserve so that the motors will not be strained in maintaining an average of about eighty miles.

Carrying with it more than \$50,000 in cash prizes for the winners, this big race will be started at 10 o'clock on the morning of Decoration Day, with twenty-seven speedy racing cars, manned by ty-seven speedy racing cars, manned by the best drivers this country has produced, as contenders for the victory. The field of cars and drivers is probably the classifiest that has ever been brought together in one contest.

"The first governor and the first at-torney general of the new State of Ari-zona, have entered the big Studebaker run from Phoenix to Grand Canyon an event open to owners of E-M-F "30" and Flanders "20" cars," said W. C. Long, of the Commercial Automobile and Supply Company, agents here for the Studebaker Corporation's product.
